

From The ART Room:

The Art program is once again in need of **recycle type goods** for use in sculpture making. I am asking parents and students to continue to make collections, of particular items, for donation, to the art program.

Everything must be clean and please no toilet paper rolls. Items like strips of **twisties**, **plastic caps** and **small paper boxes** (no bigger than a shoe box please). The desired items are photographed below. Thank you and happy recycling!

Ms. Salz
